

## Meet Cynthia Taylor-Peppers, BC - HIS, ACA

Cynthia has been serving the needs of the hearing impaired since 1982. She is a California licensed Hearing Aid Dispenser, is Nationally Board Certified in Hearing Instrument Sciences, and has earned the distinction of Audioprosthologist. Cynthia is a member of the International Hearing Society and has held the office of President for the Hearing Healthcare Providers of California since 2006. She is very involved in legislation, taking time to testify at the capitol to promote quality care and protecting the rights of the hearing impaired. She contributes to her community through her involvement in the Vacaville Rotary Club where she was presented with the "Service Above Self" award in 2004. She has organized and participated in humanitarian hearing projects in Mexico and Peru, fitting hundreds of donated hearing aids. Cynthia takes pride in providing quality, personalized service to her patients and their families through counseling and education.

Cynthia founded **Creekside Hearing Aid Service** in 1998.
